THE ORIGINAL LINEAR DRAIN THE ORIGINAL

65PS40

Linear Drain

Code 65PS40
Range Special Assembly
Grate Style PS
Category Components
Channel Material Stainless Steel
Steel Grade 316

Grates longer than 1500mm supplied in sections. Tile Inserts longer than 1200mm supplied in sections. Channels over 3000mm supplied in sections with joiner. +/-2mm tolerance on dimensions.

The 65PS40 is our Punched Slot grate designed to be used with our Special Assembly units 65G100 and 65G90.

A 65mm wide UPVC channel is connected via downpipes at 200mm intervals to sockets in a 100mm drain below. This allows the channel to be installed level while the drainpipe is given sufficient fall to be self-cleaning.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished.

This unique drainage system was recognised for its innovation by a DesignMark at the Australian International Design Awards.

SPECIFICATIONS + DIMENSIONS

Channel Width	65mm
Channel Depth	40mm
Length(s)	900mm 1000mm 1200mm 1500mm
Outlet Size	N/A

STORMTECH COLOUR FINISHES

Stainless Steel Electropolished

Electroplate finishes subject to natural variation with time and local environment. Factors such as pools/surf beaches may require electropolishing. Contact us for suitability.
