GRATES + DRAINS

THE ORIGINAL LINEAR DRAIN THE ORIGINAL

38AR40

Linear Drain

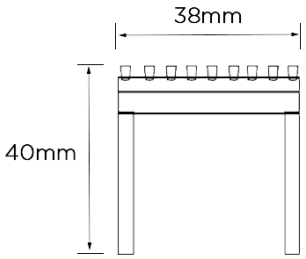

This is our premium architectural grate for use with the 38G90 and 38G100 Special Assembly drain.

A 38mm wide UPVC channel is connected via downpipes at 200mm intervals to sockets in a 90mm or 100mm drain below. This allows the channel to be installed level while the drainpipe is given sufficient fall to be self-cleaning.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished.

This unique drainage system was recognised for its innovation by a DesignMark at the Australian International Design Awards.

Code 38AR40
Range Special Assembly
Grate Style AR
Category Components
Channel Material Stainless Steel
Steel Grade 316

Grates longer than 1500mm supplied in sections. Tile Inserts longer than 1200mm supplied in sections. Channels over 3000mm supplied in sections with joiner. +/-2mm tolerance on dimensions.

SPECIFICATIONS + DIMENSIONS

Channel Width	38mm
